RECOMMENDATION MADE BY SPECIAL ENGINEER THAT CITY BUY WATER WORKS

That the city of Xenia during the next thirty years would pay over \$200,000 more for water service under private ownership than under public ownership and that continued private ownership of the Water Works properties here during the next thirty years would result in a financial loss to the city of nearly half million dollars, was the key-note of the report submitted to the City Commission Wednesday afternoon by Phillip Burgess, consulting hydraulic engineer of Columbus, employed by the city to investigate and submit a report on the proposed purchase of the Xenia Water Company property by the city.

Summarizing the complete and lengthy report submitted Mr. Burgess made the above statement in the following paragraph: "Under private ownership, during the next thirty years, the City will pay over \$200,000 more for water service than would be required under public ownership, and at the end of thirty years the consumers and tax-payers would not own any part of the property. It is obvious that continued private ownership of the Water Works properties at Xenia during the next thirty years would result in a financial loss to the city of nearly a half million dollars." In referring to the report Mr. Burgess recommended immediate purchase of the Water Company properties, and the establishment of a new single source of supply either by filtration of the water from the already tested wells at Old Town or by a filtered water supply from the river. The former source was recommended more strongly by the engineer.

The summary delivered at the conclusion of the report briefly stated the financial and other benefits to be derived by the city from municipal ownership. These benefits are as follows: That the city can purchase the properties of the Water Company at a cost of \$260,000 which is at least \$40,000 below the price that would probably be determined from a valuation of the properties by a board of engineering appraisers. That the city can purchase and operate these properties at a yearly reduction in present cost of service of over \$7,000. The present supplies are not entirely satisfactory as regards quantity and quality of water delivered and the properties of the company are, therefore, not attractive unless a more suitable water supply is available.

"The city is fortunate in that there is available a very satisfactory supply within a reasonable distance of the municipality. The best site available for the development of a new water supply is on the property of the Water Company at Old Town, where either a ground water or a filtered water of a very satisfactory quality is available at a reasonable expense for development. Either supply is adequate to take care of all present and future needs of the city."

"The City can purchase the present properties of the Water Company and can install a new ground water supply at Old Town with a reduction in yearly cost of water service of \$6,500."

"The reduction of \$6,500 yearly would be in addition to a sinking fund which properly should be provided and which would permit a retirement of all bonds in thirty years after the purchase of the property. In other words, municipal ownership of the property not only would save the city \$6,500 yearly but at the same time the property would pay for itself out of earnings in thirty years, permitting a substantial reduction of the cost of water service at that time. It has been estimated that the cost of water service could be cut in half at the end of that time."

"In continuing his summary, Mr. Burgess said: 'The above analysis shows clearly why it is that so many municipalities have purchased the local water works' properties. In fact, it is evident that in most communities as at Xenia the city cannot afford to permit its local water works properties to be operated under private ownership.'

"Moreover the financial advantage under municipal ownership is not the only consideration which makes such ownership attractive. Local regulation of service, as well as of rates chargeable for service, is not possible under private ownership. The city is powerless to compel improvements of the quality of the water supply or of the distribution of it. Regulation of service as well as of rates is possible only under municipal ownership. 'Home Rule' is absolute under municipal ownership but does not exist at all under private ownership."

"In view of the foregoing facts it seems to me obvious that the welfare of the citizens of Xenia demands that the city accept the offer of the water company to sell its properties to the city for a consideration of \$260,000."

The saving by the city of nearly a half million dollars during the next thirty years by purchase of the Water company properties is based not only on the amount saved in cost of water service but the increase in value of the plant during the next thirty years is also taken into consideration. The water source suggested by Mr. Burgess at Old Town is from the wells tested some time ago, which developed a capacity of 1,600,000 gallons a

day which is more than enough to supply the needs of Xenia from one source and exceeds by 600,000 gallons the maximum pumpage at the present plants. The only drawback to the water, according to the report, is the fact that it contains iron which is detrimental to the mains, and is not satisfactory for general use such as laundry work. The iron however could be removed by the installation of a plant for that purpose, explained Mr. Burgess. The engineer also permitted suggestion of the possibility that wells could be drilled on the site which would draw water from only the upper rock strata that would be free from iron. While no experiment of this nature has been made, there are no indications of iron in the water of the upper strata. The site at Old Town is also very desirable for several reasons as explained as follows by the engineers' report: "The site at Old Town is much to be preferred because practically all of the sewage of the City of Xenia enters the river above Trebeins; (which site was also suggested) because the pipe line required to carry the supply to the city will be shorter and cheaper from Old Town; because the Water company already owns the tract of land most desirable for the development of a water supply at Old Town and has already drilled three satisfactory wells on the property; and, finally, because a railroad siding, suitable for handling materials and supplies, is available on the site at Old Town. Moreover the land and wells at Old Town are included in the price of \$260,000 now asked for the properties of the Company and represent an expenditure of over \$5,000."

"However this same tract offers the best site available for the development of a surface supply. Therefore the problem of developing a new water supply for Xenia is simplified to a determination of the comparative merits and costs of a well system or a filtered river supply developed at Old Town on the site now owned by the Company."

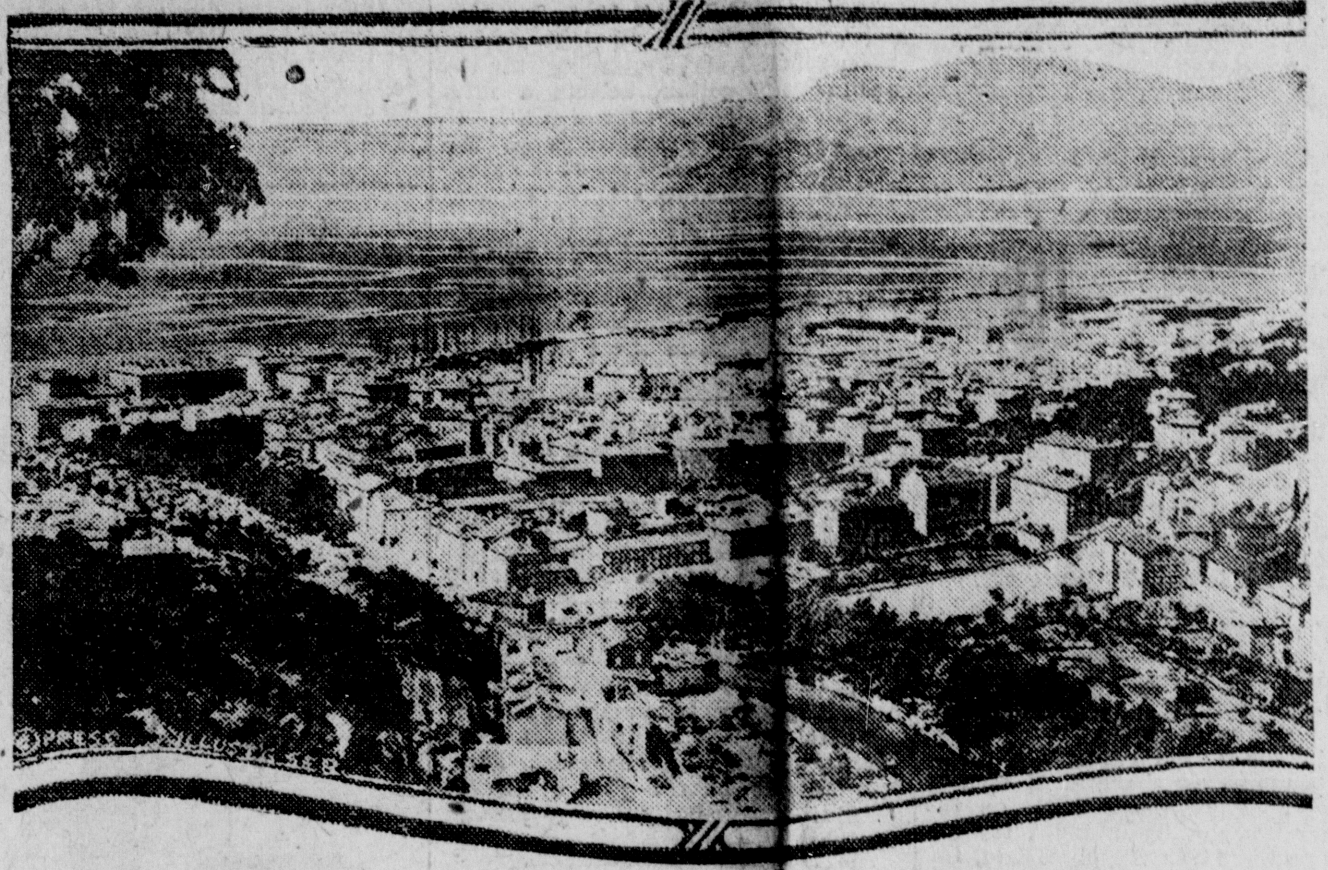

Relative to the merits of the water, the report shows that the water from the Old Town wells is similar to that from the Springfield Pike pumping station and is much softer than that from the Cincinnati pike wells, which is very hard. Furthermore it is satisfactory in every respect excepting the iron it contains but the supply could be made entirely satisfactory in this respect by use of an iron removal plant, as before stated. Similarly analysis of the water from the Little Miami River at Old Town indicates that it would make a satisfactory supply also after treatment by a rapid sand filtration plant. Since the waters are similar in quantity and quality the comparative value of the two supplies is determined by the costs of installing and operating them." On the basis of 1,500,000 gallons daily a table of costs has been prepared which shows that the estimated costs including settling basin, filters and clear well, piping, solution tanks, superstructure, filters and pumps, aerator and housing, wash water tank and tower, three high service pumps and motors, each 500 gallon per minute, well system piping, low lift pumps and motors and contingencies at 10 per cent., is \$51,480 for the ground supply and \$58,850 for the filtered water supply. The difference is due to the smaller settling basin necessary for the ground water system.

Further figures presented by Mr. Burgess show the cost of acquiring and improving the properties of the water company including the purchase of the present plant and development of the new ground water supply and installation of a new force main to be \$341,490, which minus a credit of \$318,780. In case the filtered water supply was decided upon the cost would be \$326,000. On the other hand figures presented showing the cost of the water service prove that the total cost to the city is \$14,804 which is over \$7,000 more than it can pay. The total annual cost under private ownership is shown to be \$46,350. The only relief for the city, with its water debt piling up, is either to increase the taxes or purchase the plant. Were the city to pursue the latter course the cost of operation under public ownership would be \$39,136 or \$7,200 less than under private ownership. With the new ground water supply suggested the total annual cost under municipal ownership would be \$39,638 which means a saving of \$6,500 yearly to the city.

Following the submission of the report by Mr. Burgess, the city commissioners consulted with him for some time regarding the report, and will take it up officially at the regular meeting to be held Thursday evening. Indications are that the report was favorable in every way as it presented concisely all the information desired by the commission in forcing its opinion of the question.

ELEVEN PER CENT OF ENTIRE POPULATION DIES IN PETROGRAD

Paris, March 27.—During February more than 113,000 persons, or about 11 per cent of the entire population, died in Petrograd, according to Russian police statistics, just received in Paris.

On February 1 the total population of Petrograd was 900,000. In addition to the deaths during the month 77,000 persons left Petrograd, and on March 1 the population was about 800,000. American relief workers who left Moscow February 12 say that deaths in that city early in February averaged 4,000 daily. They say that conditions there were similar to those in Petrograd, where smallpox, typhus, starvation and the "hunger plague" were raging unchecked. Coffins are not being sold in Moscow, but are only rented for use at funerals.

MURDERER OF WIFE IS ADJUDGED INSANE

Hillsboro, Ohio, March 27.—Homer Barnes, charged with having murdered his wife, yesterday was adjudged to be insane and was ordered to be committed to the State Hospital for the Criminal Insane at Lima, Ohio. The hearing was before Judge J. B. Worley, who requested Judge Craig McBridge to sit with him.

Two alienists testified as to Barnes' insanity. Dr. David I. Wolfstein, 22 West Seventh street, Cincinnati, was called by the state, and Dr. William Duschle, of Columbus, by the Barnes family. Both experts stated that Barnes undoubtedly was suffering from mental disorders and this opinion was concurred in by nine local physicians.

COUSIN OF FORMER PRESIDENT IS DEAD

New York, March 27.—The transport Great Northern arrived here today with the body of Major James A. Roosevelt, cousin of the former president.

Major Roosevelt died suddenly yesterday. He was commander of the 302nd ammunition train, and was one of a party of the 77th division officers on their way to make preparations for the division's return.

AMERICAN LABOR MAY ASK GOMPERS TO GIVE HIS OPINION OF COVENANT

BY L. C. MARTIN.

Washington, March 27.—Samuel Gompers may be appealed to, on behalf of American labor to say whether in his opinion, the League of Nations Constitution now provides a loop hole through which free immigration of orientals may become legal.

Gompers is in Paris, helping frame the peace treaty. Requests for his interpretation followed an exchange of telegrams on Japanese demands for immigration equality, between Senator Phelan, California and Senator Borah, Idaho.

Phelan, a strong administration democrat and league advocate, appealed to Borah, leader of the opposition to the league to do everything in his power to prevent insertion of a clause leaving a loop hole by which oriental peoples will possess equality with the white race in the United States.

Borah replied that the loop hole already is in the league covenant. "I call your attention to the fact,"

PLANS FOR FINANCING THE RAILROADS HAVE BEEN AGREED UPON

Washington, March 27.—Plans for financing the railroads under federal control until congress appropriates sufficient funds for capital expenditures have been agreed upon between the war finance corporation, the railroad administration and the individual roads.

The war finance corporation will make direct loans to the railroads. Eugene Meyer Jr., managing director of the corporation announced today.

"The policy of lending money to railroads is expressly provided in the act under which the war finance corporation operates," Meyer said. "The policy therefore which is now being pursued in loaning funds for the operation of the railroads is entirely in line with the original intention of congress as expressed by the statute and also in line with the settled procedure of the war finance corporation through the course of its brief history."

HUNS CAPTURED 4,765 AMERICANS

Washington, March 27.—Official records of prisoners of war captured by the Central Powers from the American forces, today, show that there are 156 prisoners whose status was still doubtful on March 20. A list of these names has been forwarded to the Central Records Office, American expeditionary forces, for checking and investigation.

The War Department records, compiled from reports on prisoners from all sources, show a total loss by the American army of 4,765 military prisoners and 281 civilians. Of the military prisoners 4,376 have been officially reported as released and 233 died in German prison camps.

Only one American officer of as high rank as Lieutenant Colonel was captured during the war. Four Majors, 27 Captains and 363 Lieutenants were taken prisoners.

COLORED FOLKS TO HAVE JAZZ PARTY

Columbus, March 27.—The colored population of Columbus will jazz to the tune of patriotic airs at Memorial hall this evening. The occasion is a big reception and dance to be given in honor of the boys of Columbus company, old Ninth battalion.

AMERICAN LABOR MAY ASK GOMPERS TO GIVE HIS OPINION OF COVENANT

he wired Phelan, "that the league constitution, as it now reads, unquestionably gives jurisdiction to the league over immigration. There is not the slightest doubt that the question of immigration could be forced by Japan in three different ways before the executive council or delegate body of the league would have to determine it and if it determines it, it will be determined by alien votes." Gompers is to be asked, it is said, whether he interprets the covenant in this respect as Borah does—that it will be possible, under its present form for Japan to force a decision by the league of the right of her subjects to enter the United States on an equality with white persons and whether, by some combination with other nations Japan might succeed in imposing her wishes on the rest of the league or on the United States. "This un-American scheme, if carried out would put the American Standard of Labor on a level with the Japanese and Chinese standards," Borah said.

LEGISLATURE MAY RECESS FROM APRIL 4TH TO APRIL 22ND

Columbus, March 27.—The house today will vote on the resolution of Floor Leader Beetham for the legislature to recess from April 4 to April 22. This resolution was introduced late last night at the first night session of the house.

Beetham says it will take from April 4 to 22 for the finance committee to whip into shape appropriation bills.

Although it is sure the resolution will pass the house, it is expected to fail in the senate.

Representative Myers last night introduced a bill providing for the appointment of a commission of four by the governor to carry on the Americanization work just finished by the state branch of the council for national defense. Frank B. Pearson, state superintendent would be the head of the commission which would serve without pay.

The senate this afternoon will vote on the Whittemore resolution introduced late yesterday, providing for the appointment of a legislative commission to make a thorough investigation of all state departments, boards and commissions.

The resolution says that state departments should be completely reorganized with a view toward greater efficiency and economy because of the rapid growth of the state.

The senate today was expected to adopt the Crabbe resolution passed in the house late last night providing for the sending of a welcoming committee to meet the 166th infantry regiment, Rainbow division, which will arrive in New York soon.

The unemployment situation in Ohio will be greatly relieved if the Norris bill, introduced in the senate late yesterday, passes the legislature. This bill will allow county building commissions over the state to accept bids on the "cost plus ten per cent basis" for public buildings. It is pointed out that contractors are reluctant to bid on public buildings now because of the high price of building material.

An emergency clause has been put in the bill so that it will take effect at once and provide work for returned soldiers.

Mayor E. C. Woodworth, of Athens has sent out an S. O. S. call to Ohio mayors to get busy in behalf of the Miller bill, which seeks to prevent gas companies from cutting off service from municipalities without first getting permission from the state utilities committee. The bill passed the house but efforts to get the bill out of the senate utilities committee have failed.

CZECHO-SLOVAKS CROSS DANUBE

SOVIET GOVERNMENT OF HUNGARY ESTABLISHED WITHOUT ANY BLOODSHED

Note.—Following is the first direct dispatch from Hungary to be received in this country, since the Bolshevik government was set up at Budapest. It effectually disposes of reports that allied representatives have been mistreated, that Hungary has declared war against the entente and that there has been bloodshed.

BY EDWARD BING.
United Press Staff Correspondent.
(Copyright, 1919, by the United Press.)

Budapest, March 25.—10:10 P. M.—The Hungarian soviet republic was firmly established today, without disorder or bloodshed, and with amicable relations continuing with allied representatives. All aliens and allied soldiers are at complete liberty. The popularity of British and American officers has not diminished.

Everything in the country has been socialized, from the army down. This reorganization has been accomplished with apparent approval of the wealthy and aristocratic, as well as the poor and humble.

A red army is being organized on a purely volunteer basis, conscription being abolished as soon as the communist government took office. Soldiers are paid \$90 a month. They are clothed, fed and equipped without charge, and in addition, they receive extra pay for their families. Army commanders are named by the commissary of war, all ranks being eligible. Officers are picked purely on their tented army in the history of the

country. Law courts have been abolished of their records. Indications point to formation of the largest, most committed, after a careful examination and supplanted by revolutionary tribunals, composed of a chairman and two members. They are virtually in continuous session and justice is meted out rapidly and effectually with more consideration for real justice than mere law. Punishment is carried out immediately after sentence is pronounced. The death penalty can be pronounced only by unanimous vote of the tribunal.

All industries have been ordered to continue at work. Special committees are being formed to insure fair distribution of the scanty supplies of raw materials.

Requisitions from private families are forbidden.

Spreading of false news is severely punished.

All titles and ranks are abolished. Shop keepers have been ordered to prepare a list of their stocks and bank accounts. This is merely for the information of the government and no attempt will be made to seize either. Steps have been taken to substitute cash for checks whenever possible.

The stock exchange has been ordered to cease operations.

Public baths must be opened to the labor class and school children and no charge will be made to them.

All private bath rooms likewise are at their disposal on Saturdays.

Hungarian workmen, meeting in various parts of the country, have declared their unanimous approval of the reforms instituted by the communist government.

SAYS BOLSHEVISM IS NOT WHAT IT IS CLAIMED TO BE

Youngstown, O., March 27.—Eugene V. Debs, socialist leader, under sentence for seditious utterances, in an address here last night predicted the spread of bolshevism from Hungary to Austria and Germany.

"I envy my comrades in Hungary," Debs said. "If bolshevism were what they say it is in this country I wouldn't be for it," he said. "But it isn't."

MORE LEGISLATION NEEDED TO ENFORCE PROHIBITION LAWS

Columbus, March 27.—That prohibition will not become automatically effective May 27, when the amendment goes into force, is the opinion of Thomas M. Bigger former common pleas judge, in a decision written for J. A. White, of the anti-saloon league.

Pointing out that further legislation is necessary to make Ohio dry, Bigger declared that existing laws were not intended to abolish the liquor traffic, but only to regulate it.

WILL TRY TO STOP BLOCKADE RUNNERS

Ironton, March 27.—Anticipating the coming of a long dry spell this summer, Ironton officials are planning to prevent blockade runners and bootleggers from carrying liquor from Ashland, Ky., which will not go dry until July 1. Traction cars and ferries will be policed.

CHILDREN ENROLL AS GARDENERS

Cincinnati, March 27.—More than 20,000 Cincinnati school children are to be enrolled as gardeners this year in the contest for gold bars, according to Roland G. Guns, director of Cincinnati school gardens.

Last year 11,000 children cultivated 157 acres of school gardens and produced \$35,000 worth of food—an average of \$242 an acre.

TAFT IS AIDING WILSON IN WORK ON COVENANT

BY ROBERT J. BENDER.

Washington, March 27.—Ex-president Taft is working by cable with President Wilson in an effort to so amend the league of nations covenant as to make it acceptable to opposition Republicans.

This was officially disclosed today when the White House let it be known that the peace conference in Paris is now working on four amendments to the covenant, written by Taft at President Wilson's request.

The amendments have to do largely, it is said, with safeguarding the Monroe doctrine, one of the foremost points of contention between the president and Republican senators.

Taft drafted his proposed amendments shortly after President Wilson's return to France. Before dispatching them however he asked Secretary Tumulty to inquire of the President whether suggestions were in order. The president responded that he would be very glad to hear Taft's proposals.

The amendments were then cabled the president through official channels and the president personally acknowledged receipt of them in a later message for Taft. He did not indicate, however, what was being done about the amendments. A further message today to the White House disclosed that the president has all four of the Taft amendments before the league of nations carpenters.

Simultaneously with this development it was stated by those in intimate touch with the president today that he at no time had been unwilling to receive constructive criticism of the original league covenant.

ANOTHER COUNTRY PROCLAIMS NEW SOVIET REPUBLIC

Warsaw, March 27.—Bessarabia has proclaimed its independence, established a soviet republic and begun an offensive against the Rumanian army of occupation, a dispatch from Chotin announced today.

Bessarabia is a former province of Russia, bordering Rumania on the northeast. It has been claimed and occupied by Rumania.

The Bessarabian army has captured the important town of Sadagora and is pushing the Rumanians across the Pruth river toward Largu.

The belief was expressed here that the Russian Bolsheviks are engineering the Bessarabian campaign for the purpose of establishing direct communication between Moscow and Budapest.

M. Liskin heads the new Bessarabian government.

Chotin is in Bessarabia, 75 miles east of Lemberg. Largu is in Rumania, 100 miles southwest of Chotin.

HAD CHRONIC STOMACH TROUBLE FIFTY YEARS

Mr. Pletz Finally Found How to End It—He's 88 Years Old.

"I had been afflicted for 50 years with chronic stomach trouble and dyspepsia, and spent hundreds of dollars trying to get relief. For years I have had to go to the water closet as often as eight or twelve times during the night, on account of my bowels. I had to be very careful what I ate and could not eat fruit at all. I have used but four bottles of Milk's Emulsion and it has benefited me more than all the other medicines I have taken. I can go to bed now and sleep the whole night, and can eat fruit without hurting me."—Wm. M. Pletz, 813 South 13th St., Springfield, Ill.

When Mr. Pletz wrote this letter he was eighty-eight years old, and ill as hard to relieve at that age. Don't suffer for 50 years as he did! Don't suffer another week! Milk's Emulsion costs nothing to try. Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children. No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. "DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it! adv

FROMINENT FARMER DIES AFTER ILLNESS OF ONLY TWO DAYS

Bethuel Jackson Middleton, a very
prominent farmer for many years,
died at his home near Middleton's
Corner, south east of Xenia, at 8:30
Thursday morning, of bronchial pneu-
monia, after being ill only two days.
He was 85 years of age, and died on
the farm where he was born and lived
all his life.

Mr. Middleton was born September
27, 1854. He married Miss Isadora
Watts, January 8, 1868, and she sur-
vives him with two daughters, Mrs.
Carrie Davis, whose home is near
New Burlington, and Mrs. Margaret
Hazard, at home. He also leaves four
sisters, Mrs. J. T. Ferguson, of Odes-
sa, Mo.; Mrs. Robert Oglesbee, and
Mrs. Carrie Mendenhall, of South De-
troit street, this city, and Mrs. Sol-
mon Oglesbee, of Lumberton.

He was a member of Eleazer Meth-
odist church since his boyhood, and
had always been active in matters of
interest to his church, and in the com-
munity.

Funeral services will be held at the
home at 10 o'clock Saturday morning,
and interment will be in Woodland.

ALL LOUD IN THEIR PRAISE OF "NEUTRONE PRESCRIPTION 99"

A working man buying a bottle of
"Neutrone Prescription 99" was asked
how it was helping him.
"Helping me," he replied. "Why,
there is nothing on earth like it. You
don't know how my poor swollen, stiff
joints and muscles pained and burned.
I was nearly crazy with suffering and the
worry of losing so much time and pay."
"Before I knew about 'Neutrone Pres-
cription 99' I tried all kinds of tablets
and liniments, but one bottle of
'Neutrone Prescription 99' helped me as
much that I am never without it now.
All pain and swelling is gone and I feel
like doing things."
"Neutrone Prescription 99" certainly
must be a wonder," the druggist re-
plied. "We have never handled any-
thing like it. They all say 'the same'.

MRS. ROY RISLEY PASSES AWAY AT MCLELLAN HOSPITAL

Mrs. Bess Risley, wife of Roy Ris-
ley, passed away at the McClellan
hospital Wednesday evening at 7:25
o'clock. She had suffered an attack
of influenza in January from which
she had never fully recovered and
she became seriously ill last Saturday
morning.

Mr. and Mrs. Risley had just come
here two weeks ago from Chatta-
nooga, Tennessee, and Mr. Risley
has been employed as electrician at the
O. S. and S. O. Home. Mrs. Risley
was 25 years of age at the time of her
death. She married Mr. Risley two
years ago and he survives her. There
are no children. She also leaves her
parents and three sisters and three
brothers, all of Scottsborough, Ala.

The body was removed to the Na-
ley undertaking establishment and
will be shipped to Scottsborough for
burial at 6:50 Thursday evening.

THE HOME COM- FORTABLE

There are so many ways of using
waste paper, bags and pieces of tissue
paper that not one bit should ever be
thrown away. After a stove has been
blackened, it may be kept looking fine
for a long time by rubbing it with an
old piece of paper. A paper bag is
fine to slip over the hand when
blackening a stove also.

Rubbing with a piece of soft paper
is a much easier way of keeping the
outside of a teakettle, or coffee and
teapots, than washing them in the old
way with soap and water. Rubbing
with paper is also fine for polishing
knives and forks and tin ware of all
kinds. If a little flour is shaken on
the paper, when you use it to polish
the tin ware it gives them an extra
polish.

There is nothing like tissue paper
for polishing mirrors, windows, and
lamp chimneys. It is much better
than a cloth as it leaves no lint and
gives a luster that the cloth will not.
Preserves and pickles keep much
better if they are wrapped in brown
paper. It can be used to put under a
carpet and even for a bed covering.

PILE SUFFERERS! CLEVER OHIO CHEMIST SAYS THIS GREAT PRESCRIPTION TAKEN INTERNALLY HAS NEVER FAILED

Even chronic cases of 20 to 30 years
standing, with profuse bleeding,
have been completely cured
in from three to ten days.

No discovery of recent years in the
field of medicine has caused such a
stir amongst the medical profession as
the recent discovery that piles can be
successfully treated and cured at home
by a wonderful prescription known to
druggists as Miro Pile Remedy.

It has been proved that so called ex-
ternal remedies applied or inserted in-
to the rectum cannot cure piles and at
the best only give temporary relief.
This is also true of surgical operations
which simply remove them after for-
mation, but in no wise acts on the
source of the trouble.

This prescription, although taken in-
ternally, is not digested in the stom-
ach, but is rapidly passed on un-
changed to the intestines, in a short
time reaching the exact place, where,
by its soothing, healing action, it first

allays all inflammation and then by
direct contact with all ulcers and piles,
causes them to heal and disappear for-
ever.

It's positively marvelous how speed-
ily it acts. Blessed relief often comes
in two or three days at most, even in
cases of profuse bleeding that have
resisted all known treatments and
operation, really wonderful results
have been accomplished.

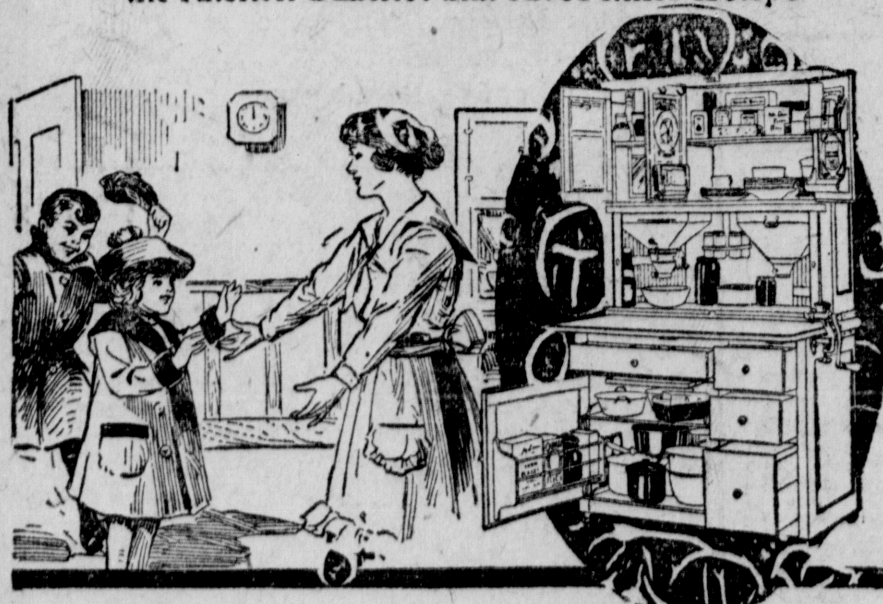

The author of this amazing dis-
covery desires all sufferers to know that
he does not want a cent of anyone's
money unless Miro Pile Remedy de-
cisively conquers even in the worst
cases and he has instructed druggists
all over the country to guarantee it
in every case of blind, bleeding or pro-
truding piles.

IMPORTANT: What is known as
itching piles are not piles in the true
sense of the word, although this con-
dition may accompany a true case of
piles. For this condition Miro Pile
Ointment has been prepared as in such
cases it is not necessary to take the
internal prescription.

THE SENATE'S CASE AGAINST MR. WILSON.

In a recent article we gave the argument of Senator Spooner, while Roosevelt was President, holding the doctrine that the President is the absolute maker of treaties, and that the Senate's "advice and consent" has nothing to do with the treaty until it is presented as a complete document ready for ratification. While this may be, strictly speaking, constitutional law, many Senators contend that it was not so intended by the framers of the constitution, and that the practice in the past has been to show that many Presidents took the broader view that the word "advice" on the part of the Senate meant that the original intention was that the President was expected to ask the "advice" of the Senators in making treaties with other nations.

Having given the President's side of the case, it is only fair to show that of the Senators, who contend that the custom has been to ask their advice in the construction of important treaties.

In only two instances does the Constitution give to the Executive any power or prerogative in dealing with foreign powers. One of these is his right to nominate and appoint ambassadors, but this is limited by the proviso that he may do this only by and with the advice and consent of the Senate. The other is his right to make treaties. But this power, too, is limited and qualified by the proviso that in this he must have the advice and consent of two-thirds of the Senate. The fact that the builders of our government made it necessary for our president to obtain from two-thirds of the United States Senate an approval of any treaty he may make, instead of a bare majority, clearly indicates that the framers of the Constitution wanted a double safeguard from any personal ambitions or desire of aggrandizement on the part of the executive in his dealings with foreign powers.

Not only did the Constitution expressly provide this check upon the executive in his treaty making powers, but this recognition of the Senate as a treaty making power has been supported by long practice in our diplomatic affairs.

Jefferson, who undoubtedly was intimately familiar with the intentions of the Constitution makers, asked the Senate for a specific authority before he negotiated for the purchase of the Louisiana Territory.

Polk formally requested the Senate to give him its advice as to what sort of a treaty he should negotiate with respect to the Oregon boundary.

Under John Hay's magnificent regime, he being acknowledged premier of American diplomacy, every senator was personally consulted as to what should be included in the general arbitration and Alaskan treaties.

Washington, Madison and Polk submitted the names of peace agents they sent abroad; while after the Spanish American war, McKinley named as peace commissioners three members of the Senate Committee on Foreign Relations, which was in effect turning over to the Senate the treaty making privileges.

So by both our Constitution and by our diplomatic precedents, the president is not the sole power in formulating treaties and was never intended to be. The Senate is his partner in this diplomatic work, and it is only common courtesy for him to so view the matter.

And in this greatest of all treaty making on our part, how much better would it have been for President Wilson to have recognized the co-ordinate branch of his government by naming at least one member thereof as a delegate with him to the Peace Table in Paris. Had he done so, he would have eliminated much of the Senate's "offishness" towards him during the last few weeks.

SOME BIG CLUE

Dallas, Tex., March 27.—"Look for a man with the biggest feet in Dallas," detectives said, after they saw tracks around the robbed home of Herbert Lee. The coppers did and arrested a negro who confessed.

THAT WONDERFUL MAN HERBERT HOOVER.

That Herbert Hoover, American food administrator and director-general of the inter-allied relief organization, is to cease his relief work in the summer has been indicated in a statement issued by Mr. Hoover concerning the wheat situation. He intimated that a majority of his co-workers also would return to private life. "We also must earn a living."

Mr. Hoover has been the target of much vicious and unjust criticism. He may have decided that it is time to leave a heavy and thankless job. We believe, however, that Mr. Hoover would be astonished if he knew the big place he holds in the confidence and esteem of his country and the nations of the world.

Mr. Hoover is one of the biggest men that has been cast up into world prominence by the vast turbulences and storms which have stirred and shaken the nations. He solved problems and carried loads which would have been impossible to him if God had not helped him. Prices of foodstuffs in this land were high, but if it had not been for Mr. Hoover they would have gone beyond all bounds, and we would have been wholly at the mercy of men whose conscience is on a par with that of a hog. It was through his organization that the bounty of this land was so wisely distributed that millions of starving people were saved from death.

Mr. Hoover has proved himself great in wisdom, in patience, in courage, in faith, in perseverance and in forbearance. The hope of millions were centered in him. The eyes of armies and nations were fixed upon him, and the world slogan was "food will win the war." Under the incentive of his appeals and leadership production of all sorts of foodstuffs was stimulated in this country to an unparalleled degree, and hand in hand with that movement went the program of conservation that enabled America to feed the world.

Mr. Hoover is a big man, and will keep on growing. He is worthy of a place with Lloyd George, and Clemenceau and Marshal Foch. If there are six other public officers in this country worthy to stand in his class we should like to have the spotlight turned on them that we may see who they are. The bounty of God was placed in his hand for a starving world. His truth to a supreme trust shall give him an immortal name among the peoples of Europe and with us—Exchange.

BROTHER OF MRS. RIDDLE VISITS HERE

Benjamin Windham, second class electrician on the U. S. S. Montana, is spending a five day furlough with his brother-in-law, and sister, Mr. and Mrs. Kenyon Riddle in this city.

Mr. Windham's vessel docked at the port of New York Monday, having transported a part of the 37th division across the water from Brest.

He immediately secured a five day furlough and arrived in this city on Tuesday afternoon. His home is in Plattsmouth, Neb., but the short leave would not permit of time enough to go all the way to Nebraska.

Mr. Windham has made a number of trips across the Atlantic to and from France and his ship, the Montana, now holds the mileage record for the navy since the war began, having traveled over 100,000 miles.

THE PROMOTER'S WIFE

BY JANE PHELPS.

NEIL FORBIDS BARBARA TO VISIT
HIS OFFICE AGAIN
CHAPTER XLVI.

I had waited nearly an hour before Neil came in.

"Hello, Bab! what are you doing here?" he greeted me.

"Oh I had the closed car for shopping, so didn't mind the rain, and I wanted to surprise you, but I thought you'd never come. I want to talk to you."

An expression of annoyance crossed his face.

Without saying much about spending I let him see wherein we could save without being unduly incommode. I noticed the frown on his face but kept on.

"Where did you get that economy bug? I haven't stinted you in any way, have I? I wish you'd let me run my business as I see fit. Economize—now!" he said the last two words so low I scarcely caught them.

Just then my eye caught the blotter. "Oh, Neil! what in the world did Mrs. Orton give you such a big check for?"

"What are you talking about?" he asked, but I noticed a change in his expression.

"I opened the table drawer, thinking I would clean it out nicely for you. I found that blotter, and tried an experiment I had read about—just to pass the time. I held it before the mirror and the writing on the check, signature and all, came out very plainly."

"A regular Sherlock Holmes, aren't you?" he sneered.

"I told you I did it only to pass the time. Don't be nasty about it. But Neil dear, tell me what it means? Such a large amount, too."

"I told you once, long ago, that Mrs. Orton owned stock in some of our companies."

"Is she still interested?"

"Yes."

"I see this check was made about the time that horrid Mr. Scott was here and soon after Mr. Orton died."

"You are very observing. Again, you are using Sherlock Holmes methods, I presume."

"Aren't you going to be nice and tell me something about your connection with Mrs. Orton? If you don't tell me, just as sure as I live I will go to her. I have been put off just as long as I intend to be. I am your wife and I have a right to know."

"You meddle in my business if you dare! Mrs. Orton saved me when Scott threatened me. She loaned me the money to buy back his stock. Now are you satisfied? If you are, I will take you to the car." He was livid with fury.

I am not satisfied, Neil, because you have not given me your confidence. But I know now that my intuitions have been right. There is something about your business that is not clear to me. Why should Scott threaten you? Why should you borrow money from a woman? I thought banks accommodated business men if their methods were honorable. Or that other business men would do so. You say this check was loaned money. You have also told me she was interested in some of our companies. How else are you entangled with her? Was she trading fault with the way you handled her money, the other night?—Or what was it?"

I saw I had "hit the nail on the head," as father used to say. She had been razzing him about her money. I wanted to say more to find out more, but Neil was so terribly angry with me, standing with his hand on

the door-knob and that look of uncompromising anger on his face, that I simply walked out.

"There is no need for you to go down with me," I told him. "I will see you to the car. After this you will cease your visits to my office."

On the way home hot, scalding tears fell, not because of Mrs. Orton, but because of the way he had told me not to come to his office.

Tomorrow—Barbara is Worried Over Neil.

"SEEING WILMINGTON" TRIP IS ENJOYED BY ABOUT 80 PERSONS

Over eighty people were entertained in a "Seeing Wilmington" trip by the Farquhar Furnace Company of Wilmington, in that city, Tuesday.

The guests were lunched at the New Martin Hotel and afterwards visited the different factories of the city, speeches being delivered by General Manager R. B. Monfort and President J. R. Cleverger of the Farquhar Company, and by Hon. M. R. Denver of the Clinton County National Bank.

A number of Jamestown people were guests of the Farquhar people, among them being:

Mr. and Mrs. G. O. Carpenter, Mr. and Mrs. J. O. McDorman, Mr. and Mrs. J. Flax, Mr. and Mrs. D. M. Brailey, Mr. and Mrs. G. M. Jenks, Sherman Jenks, Mrs. A. F. Jenks, Mr. and Mrs. W. B. Elge, Mr. and Mrs. L. H. Kom, Mr. and Mrs. Fred Jenkins, Mr. and Mrs. F. B. Leach, and Albert Leach.

Make This Test For Acid-Stomach

There are millions of people who suffer almost daily from the horrors of acid-stomach—indigestion; sour, gassy, stomach; distressing heartburn; sickening food-repeating; painful bloating and that miserable, puffed up, lumpy feeling after eating. Many of these people have tried treatment after treatment; medicine after medicine; others have gone to doctors and stomach specialists and some to hospitals but in spite of all their efforts they have obtained no lasting relief or a permanent cure.

These symptoms simply mean acid-stomach. If allowed to run on, they are very likely to cause a lot of serious trouble. Dyspepsia, rheumatism, gout, lumbago, sciatica, splitting headache, dizzy spells, nervousness, sleeplessness, mental depression, melancholia, a feeling of listlessness and all-goneness—these are just a few of the disorders which can be traced to acid-stomach. As a matter of fact, acid-stomach is often the direct cause of those almost incurable conditions known as catarrh of the stomach, intestinal ulcer, and cancer of the stomach. The lives of those who suffer from these serious troubles are nothing short of daily agony. Surely, then, you must see how important it is to go at once to the seat of the trouble—acid-stomach. You know what acid-

mouth does to the teeth—how it eats right through the hard enamel and causes them to decay. Think then of the havoc that must be caused by excess acid in the stomach!

Even if you are not suffering any immediate stomach pains, but are not feeling just as fit and fine as you should, you should by all means make this test: go to your drug store at once and get a big box of EATONIC. It is in the form of pleasant-tasting tablets—you eat them like a bit of candy. EATONIC is prepared for just one purpose—correcting acid-stomach by driving out the excess acid. EATONIC literally absorbs the excess acid. It brings instant relief from the pains of indigestion, heartburn, belching, sour, gassy stomach, bloating, etc. It makes the stomach pure, sweet, cool and comfortable, puts it in a normal, healthy condition, so that your food is properly digested. You need every bit of strength you can possibly get out of the food you eat—and EATONIC helps you get it.

Don't put this test off if you value your future good health and happiness. You run no chance at all because EATONIC is absolutely guaranteed to give you relief or your druggist will refund your money. The cost is a mere trifle.

LIEUT. PRICE GETS COMMISSION IN THE RESERVE ARMY CORPS

Lieutenant Oscar Wendell Price of this city, who was recently discharged from the service as a Second Lieutenant in the Machine Gun Training branches, has just received his commission in the infantry, Reserve Officers' Corps, dated March 17.

The new commission places Lieutenant Price on the Reserve Corps and subject to call at any time. He will not perform the duties of an officer under this commission until specifically called to duty by a War Department order, and there is no pay attached to the commission when he is not on duty.

In time of peace, Lieutenant Price may be called to duty for 15 days only in one calendar year unless he consents in advance to a longer period. He then may be called to active duty for one month. By this order, Lieutenant Price is permitted to wear the uniform and insignia of rank on all military occasions.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

CAMPAIGN TO START TO MAKE WORLD DRY

Plans for opening the county campaign to secure the \$1000 which has been pledged toward the cause of world prohibition, were discussed at the meeting of the executive board of the Womens' Christian Temperance Union, which was held Tuesday afternoon at the home of Mrs. Mary L. Collins, president of the County W. C. T. U.

This campaign will be opened immediately, and is in the hands of the different local unions. Each union has been assigned a quota according to its membership, and it is expected to raise the required sum within a month.

Reports from the state executive meeting which was held in Columbus last week, were presented by Mrs. J. H. Lackey of Jamestown, Miss Mary Ervin of Cedarville, and Mrs. George H. Flatter. The program for the county institute which is to be held in Cedarville the first week in May, was discussed. At that time it is hoped to have Mrs. Mary Harris Armour, a nationally known prohibition speaker, who is called the "Georgia Cyclone," to appear on the program. Mrs. Armour spoke at the state executive meeting.

A resolution, addressed to the city commission was passed, protesting against the opening of the movie theaters on Sunday.

Fifty women were present, and the meeting was an all day one, the women taking dinner at the Collins home.

SOUVENIR BOOKS RECEIVED FROM ITALY

Miss Nellie Weaver of the Hutchinson & Gibney store, has received from her brother, Ralph, who has been stationed in Italy, with the Three Hundred and Thirty-second Infantry, two beautiful souvenir books of views from Genoa and Florence. One book contains views of Genoa's famous cemetery, the most beautiful in the world, which contains statuary and mausoleums of almost priceless worth. The other book contains general views about Florence. Mr. Weaver says that he has visited both cities and has seen the originals of the photographs.

WELL KNOWN YOUNG PEOPLE MARRIED ON WEDNESDAY EVENING

The marriage of Miss Harriet Pauline Chatfield, daughter of Mr. and Mrs. A. J. Chatfield, to Warren Leigh Bickett, was solemnized at six thirty o'clock Wednesday evening, the Rev. H. J. Jewett, pastor of the bride's church, officiating at the parsonage of Trinity church.

The beautiful Methodist Episcopal ring service was performed. The bride was attired for the service in a navy blue tailored suit, with tan pongee vest, and her hat and shoes were in the pongee shade. Her flowers were a corsage of pink Killarney roses. The bride's maid was unattended.

Following the service, Mr. and Mrs. Bickett were dinner guests of Mr. and Mrs. Thearl White, brother-in-law and sister of the bride, at their home on North Detroit street. An attractively appointed four course dinner was served, and the table was centered by a crystal basket filled with pink and white sweet peas.

Later in the evening Mr. and Mrs. Bickett started on a short honeymoon trip, and they will be at home within a few days, on the bridegroom's farm on the New Jasper pike. Mrs. Bickett is the second daughter of Mr. and Mrs. A. J. Chatfield, and one of the favorite brides of the early spring. Mr. Bickett is a prominent farmer, and a member of one of the well known families of the county.

EAST END NEWS

Mr. and Mrs. M. D. Flack of Wilberforce entertained Monday P. M. in honor of their son, Sgt. J. T. Flack and Sgt. Dr. Mathews, who have just returned from France. About 20 guests, composed of near relatives and friends enjoyed a splendidly prepared three course luncheon, after which the evening was spent in very interesting talks of information and explanation on several souvenirs from Argonne forest battle field and other places in France, which the two sergeants exhibited. They consisted of gas masks, bomb shell cases, trench shoes, music, etc. At a late hour all departed feeling much benefited and refreshed over what they had tasted, seen and heard.

The Dorcas Missionary Society of the Third Baptist church will meet Friday evening at the residence of Mrs. James Campbell, North Taylor street. A good attendance is desired. Business of importance. Mrs. S. Wheatley, Pres. Mrs. Wm. Fowler, Secretary.

Clarence Bryant, of 124 Lexington Ave., was happily surprised by a few friends at the residence of his aunt, Mrs. Effie Hurst, 59 Park street, Tuesday afternoon. The surprise was complete in every particular. A nice three course luncheon was served at six o'clock. Twenty-four of his relatives and friends were present. Music was furnished by his mother and aunt.

Mr. Adam Mabry has returned to Xenia from Lebanon, where he has been employed for sometime. His family is in Kentucky and will join him here probably this fall.

Mrs. Mary Everett has been ill for several days. She was able to sit up for the first time Tuesday.

The Burska Embroidery Club will meet at Mrs. Julia Howard's residence Thursday evening at 7:30. All members please be present.

Blind Boone Concert Company will appear at Xenia opera house in the night of April 2nd. They will be at the National Cash Register and at the Y. M. C. A. (white) in Dayton on March 29 and April 1st. Being an off date Xenia very fortunately got them here and they will appear under the auspices of St. John's A. M. E. church. General admission 25, 35 and 50 cents with the war tax added. Reserved seat sale at Sohn's drug store, adv.

Little Elizabeth Frances Warren two year old daughter of Mr. and Mrs. Calvin Warren, of East Church street, died Tuesday evening about 8:35. The child had been sick since last Thursday with pneumonia. The funeral will be held Friday afternoon about two o'clock at the residence.

GOITRE

Urban, Ohio. Man Has "Wonderful Experience With External Remedy."

Mr. H. M. Dudley, 424 South Kenton Street, Urbana, Ohio, says in his own home paper, The Urbana Citizen: "Sorbol-Quadruple removed a large goitre for me six months ago. It was so large that I could not wear a collar. It hurt me so badly I could hardly sleep. It would choke and smother me. Two bottles of Sorbol-Quadruple completely removed it. I can now breathe freely and sleep well. I am willing to tell my experience, even by letter."

Sorbol-Quadruple comes in small bottles, containing enough for most cases. It will not stain or irritate the skin. Requires ten minutes daily. Get further information at Sayre & Hemphill's Drug Store and drug stores everywhere, or write Sorbol Company, Mechanicsburg, Ohio.

PAY CAR SOON TO BE THING OF PAST

Good bye pay car—farewell "Casey Jones!"

According to an order just issued by the Pennsylvania railroad, April 9th will mark the passing of the pay car. This system of paying the men will be abolished after that date and the April pay will be made by checks, according to the order.

The inauguration of the new system of paying will mark the passing of a landmark in the abolishment of the pay car that has almost become a fixture through its bi-monthly visits here. With the pay car goes "Casey Jones," baptized L. McDowell, but better known all over the division as "Casey Jones" because of his interest in the national game. Engineer McDowell has guided the destinies of the pay train from the engine cab for many years and he will be missed by the railroad employees all along the route. The passing of the pay car does not mean that Mr. McDowell's connection with the company will be severed but he will probably be given another run, and he will not be seen here as on his former frequent visits. As yet no information has been sent here regarding how the checks will be distributed. The new system will start April 25, however, paying the roll for the first of the month which is always payable at the last half of the month.

Xenia, O., March 25, 1919. The Gazette:

We would like to know what East Church street has done that she is cut out from being paved, when even the remotest streets from the center of the city are included. When the streets to be paved were first published East Church was in the list, but when the list was completed, it was taken out. Why?

Is it because we have three churches on it? Surely they wish to see improvements too. Or is it because of the Roberts' estate. If this is the case, it is not right to allow property owners, not living in the city, to curtail necessary improvements. Let us have an answer. PROPERTY OWNER.

Herodes' Subnormal Son.

Herodes, to overcome the extraordinary dullness of his son Atticus, educated along with him twenty-four little slaves of his own age. He gave each the name of the letter of the Greek alphabet. His son, in order to play with them, had to learn the alphabet to call their names.

NERVOUSNESS ON THE DECLINE

Doctors Encouraged, They Hold Out Hope for All

"Nothing wrong but my nerves." We hear it at home, at work and everywhere. Certainly, nervousness is a disease. A man or woman might better have a broken leg than a shattered, run down nervous system.

Overwork and worry drains the nerve cells and centers of all their strength and vitality. Then you get your sleepless nights, poor blood, nervousness, worry and fear. The better doctors of today know just what to do in cases of this kind. A few weeks' use of Phosphated Iron rarely fails to strengthen and feed the Phosphate-hungry nerve centers.

Phosphated Iron certainly does take hold. The way the majority of patients come back is remarkable.

What a change in appearance, too. The cheeks become filled out and flushed with the healthy ruddy glow that only pure, red ironized blood can give. Eyes sparkle, their step has the spring and swing of youth and their whole system seems to be alive with energy and good spirits.

Mr. Nervous Man or Woman, Phosphated Iron will do it for you. If you will give it a chance. Do not drag around, all in and half dead another day when help is so near. Get busy! and be a live one once again!

To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules only, so do not allow dealers to give you pills or tablets. Insist on capsules.

LOST AN AIRPLANE, NOTIFY M. J. HARTLEY

Lost—One airplane. Finder call M. J. Hartley, Greene County Chairman of the War Savings Stamp campaign.

The airplane, piloted by Lieutenant Swann, which was scheduled to visit this city Monday is as yet among the missing, unless a plane that was just visible northeast of the city late Monday evening could have been the missing aircraft. It is not believed, however, that the machine seen by a few people Monday is the plane that was to have visited here in the interests of the Savings Stamp campaign.

The airplane suffered its first setback when it fell near Dayton and the pilot Lieutenant Tyler, was injured. A second fracture of the schedule was necessary when the

plane, piloted by Lieutenant Swann had engine trouble at Marietta. The plane was supposed to reach here Monday, however, and has not yet showed up. Chairman Hartley has received no word of the missing plane.

Bijou TO-NIGHT

William Fox Presents THEDA BARA in

"The She Devil"

A Theda Bara Super-Production

The story of a wild Spanish girl's mile-a-minute romance. A bandit, a hold-up, a flight to Paris could not stop her.

ONE REEL WEEKLY IN ADDITION

ADMISSION 10c and 15c

Friday and Saturday MATINEE AND NIGHT

Mary Pickford plays the part of a little girl on a lonely farm who is simply dying for a beau—the only fellow she ever saw that she liked was a "beautiful" brakeman who went by very fast.

Then a camp opens up near by, and the farm is literally swarming with beaux in no time. Mary thinks she is not pretty enough and takes a milk bath, and one of the officers happens to call at a very awkward moment—you know how it is on a farm—no proper arrangements and all that—still, see this great Artercraft picture for yourself.

Also Burton Holmes Travel Pictures.

Public Sales

Have your sale announced FREE in this column early, so that you may claim your date and others will stay off of it. These ads are run every day and are gratis with the large display advertising. We also furnish sale bills without charge. Let us tell you about it.

PUBLIC SALE advertising in the Gazette and Republican bring the crowds. In these days of automobiles the farmer has no time to stop along the road to read sale bills. He is coming to depend upon these papers to notify him of the sale dates and articles to be offered for sale. It is the buyer from a distance who sees your ad. in this paper, who jumps in to his auto and hustles to your sale, who pays what your stuff is worth. Your neighbor no longer can stand around and pick off what he needs at an absurd price, as he does when you have not properly advertised, and gotten a good crowd. Use the Gazette and Republican if you want the worm of everything you offer. Don't try to save on your advertising. 4-1

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brains and how they "perk up" the spirits. 10c and 25c a box. All druggists.

**The Quick Way to
Stop a Cough**

This home-made syrup does the work in 10 minutes. Easily prepared, and saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2 1/2 ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat, and air passages, stops the annoying, throat-tickling, fitful cough, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough, and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

veteran. This ruling has not been in effect in the past and Superintendent J. P. Elton, present head of the institution is not a war veteran.

While the bill does not state it is thought that veterans of the European war are referred to principally as eligibles for the office. While Superintendent Elton is not a war veteran he has always been staunchly supported by the United Spanish American War Veterans and this organization of veterans endorsed him for the position. Furthermore Mr. Elton is one of the best superintendents who ever had charge of the institution here and is popular both with employees and children at the home.

CARS COLLIDE ON LUCAS HILL BUT NO ONE WAS INJURED

Although their Maxwell touring car
was badly damaged, W. E. Smith and
his sister-in-law, Mrs. Briggs, of
Wilmington, were unhurt when a big
Cadillac machine, driven by a Day-
ton man, skidded and collided with the
smaller automobile at the curve on
Lucas hill, on the Dayton pike, Wed-
nesday afternoon.

The Dayton man, who refused to
disclose his name, brought Mrs.
Briggs and Mr. Smith to this city,
and took them to the office of Dr.
W. H. Finley, who found that Mrs.
Briggs was hysterical, but had no in-
juries beyond a few bruises. They
returned home Wednesday evening,
and the damaged car was hauled into
the Xenia garage on South Detroit
street, for repairs.

Mrs. Briggs and Mr. Smith said
they were returning from Dayton,
after having taken Mr. Smith's wife
to that city, to catch a car for Rich-
mond. The Cadillac was headed to-
ward Dayton.

MR. AND MRS. POAGUE ENTERTAIN CLUB

A very delightful evening was en-
joyed at the home of Mr. and Mrs.
Steele Poague, Wednesday, by mem-
bers of their card club. There were
seven tables of bridge, and following
the games, a refreshment course was
served. The appointments were all in
yellow and white, jonquils being the
flowers used in the decorations.

It was decided to continue the club
meetings the original plans in this
regard being abandoned, and later in
the season, when the weather becomes
such that the amusement of cards
will be abandoned temporarily, out-
ings, and steak roasts will be given
by the club.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils
Relieves Head-Colds at Once.

If your nostrils are clogged and your
head is stuffed and you can't breathe
freely because of a cold or catarrh, just
get a small bottle of Ely's Cream Balm
at any drug store. Apply a little of
this fragrant, antiseptic cream into
your nostrils and let it penetrate
through every air passage of your head
soothing and healing the inflamed, swollen

No Contaminating Qualities or "Filler"

A limited quantity of this fine fer-
tilizer is offered for sale by the City
Officials of Columbus, who have de-
termined to give users the benefit of
low prices, rather than continue to
sell to the consumer at huge profits.
You can order in 100-lb. or ton lots—
sacked or in bulk—and save big
money.

Costs Less—Use Less per Acre

The price on this better grade of
fertilizer has been made lower than
you have ever bought its equal be-
fore.

Especially Adapted for

Truck farms, gardeners, nursery men,
small fruit growers, corn and tobacco
raisers, and others who do not renew
chemical elements of their land by
crop rotation.

ONLY 1000 TONS AVAILABLE

The Ohio State Fertilizer Bu-
reau has analyzed this fertilizer
and endorses it as more efficient
than manure.

Remittances must be made in cash,
money order or on C. O. D. shipments.
Write, wire or call, addressing all in-
quiries to T. D. Banks, Sup'r. Manu-
facturing Plant, Phone, Main

PRISONER IN XENIA 'WORKS' HAS THE GOUT

John Shay, confined at the Xenia
work house, where he was sent from
Springfield for selling liquor with-
out a state license and was fined \$100
and costs, may get out of the insti-
tution because he has the "gout."

Such a report was received by
Judge Golden C. Davis of Spring-
field, Wednesday. Shay has worked
out more than the costs in the case,
and the wife agreed to pay \$130 for
his release, if the remainder of the
fine was suspended. Prosecutor
Robert Flack favors the proposition.

MISS CLARA WOLF DIES THURSDAY

Miss Clara Wolf, member of one of
the oldest and best known families of
the county, died at her home on the
Upper Bellbrook pike, two miles from
Xenia at 12:30 Thursday afternoon.
Suffering from a complication of ail-
ments, Miss Wolf had been in ill
health for more than a year, and for
the last two weeks preceding her
death, was confined to bed.

Miss Wolf was the daughter of the
late Frank and Margaret Wolf, and
she was born in November 1863. For
more than 40 years she lived on the
farm where she died, and which was
the only homestead of the Wolf
family.

Surviving her are two brothers and
three sisters: Charles K. Wolf, Frank
Wolf, of this city; Mrs. Margaret
Spahr, of west of Xenia; Mrs. Charles
Buck, of Xenia, and Mrs. Elizabeth
McElwaine, of Kansas City. The late
Mrs. Andrew Fisher, of this city, was
a sister.

Miss Wolf was a member of the
Reformed church, this city, since her
girlhood.

Funeral arrangements will be an-
nounced later.

WELL KNOWN CLIFTON RESIDENT IS DEAD

Newton Dailey, well known Clifton
resident, died at his home there at
11:30 o'clock Wednesday night. He
had been ill for eleven months with a
cancer and had returned from the
Protestant Hospital at Columbus only
a week ago.

Mr. Dailey is a carpenter by trade
and belongs to a well-known Greene
county family. He was a member of
the Presbyterian church in Clifton.
He leaves his wife and four children,
Wilbur, Irvin, Lydia and Leroy, all at
home. He is also survived by one
brother and three sisters, James
Dailey of Clifton, Mrs. Anna Reed of
Cedarville, Mrs. Belle Boolman of
Springfield and Mrs. Minerva Whalen
of Urbana.

The funeral arrangements have
not yet been made but burial will be
made in the Clifton cemetery.

R. CECIL BURNS GETS FINE POSITION

R. Cecil Burns of Cedarville, re-
cently discharged from the service,
has accepted a position in the McKin-
ley Tech. High School of Washington,
D. C., for the remainder of the
school year, the school closing the lat-
ter part of June. The position carries
a salary of \$172 per month. The Mc-
Kinley school is one of the finest in-
stitutions in the eastern states.

THE IDEAL WOMAN

The great Napoleon once said: "My
ideal woman is not the beautiful
featured society belle, whose physi-
cian tries in vain to keep her in re-
pair, but the matron who reaches
middle age in complete preservation—
that woman is rendered beautiful by
perfect health." To attain such
health in middle life a woman must
guard against those ills which drag
her down and produce nervousness,
headache, backaches, sleeplessness
and "the blues." The standard rem-
edy for such conditions is Lydia E.
Pinkham's Vegetable Compound,
which for forty-five years has been
restoring women to health and
strength. adv
